

ACADEMIC CREDENTIAL FORM

COURSES REQUIRED FOR GRADUATION FROM THE COMBINED PLAN PROGRAM FROM THE COLUMBIA UNIVERSITY BRICK CENTER FOR STUDENT ADVISING

Student Name: Scarpa (Scarpa), Ward Everett (Wes)

Columbia ID: C005078715

Major: Electrical Engineering

You have selected the above as your major in the Columbia University Combined Plan Program. In order to successfully complete the B.S. degree in your four semesters at Columbia, **you are required to take the courses below, which are prerequisites for the major.** This information is based on your transcript(s) and selected major.

Please add your initials next to each prerequisite course to indicate that you understand the requirement, and submit a copy to Undergraduate Admissions via your Columbia applicant status page at <https://apply.college.columbia.edu/apply/status> by **May 1, 2026**. If you cannot access your status page, you may submit this form to combinedplan@columbia.edu. Please download this form as it is important to retain a copy of this form for your records and future academic planning at Columbia.

A. Prerequisite courses currently in progress (B/3.0 minimum required grade in science/math classes)		B. Prerequisite courses to be completed this summer prior to enrollment at Columbia		C. Prerequisite courses to be completed within the next two years at Columbia		D. Prerequisite courses complete pending departmental approval (IP – courses in progress)	
COURSE	INITIALS REQUIRED	COURSE	INITIALS REQUIRED	COURSE	INITIALS REQUIRED	COURSE	INITIALS REQUIRED
CHEM 120							

- A final transcript with spring 2026 term grades must be sent to Undergraduate Admissions as soon it is available, and by no later than **July 1, 2026**. Please note that you may not be able to register for fall 2026 courses at Columbia if a final transcript is not received.
- Courses listed in Column A: These are prerequisite courses in which you are currently enrolled. These courses must be taken for a letter grade and you must receive a grade of B or better in science/math courses to fulfill the requirement. If your enrollment in these courses has changed, you must notify Undergraduate Admissions as soon as possible (combinedplan@columbia.edu).
- Courses listed in Column B: These are the courses that you are required to take this summer. These courses must be taken for a letter grade and you must receive a grade of B or better in science/math courses to fulfill the requirement. You must notify Undergraduate Admissions and the Brick Center for Student Advising (combinedplan@columbia.edu) with your anticipated enrollment and course descriptions for pre-approval by **May 15, 2026**. In all cases, transcripts must be received by Undergraduate Admissions by **August 1, 2026**. Please note that you may not be able to register for fall 2026 courses at Columbia if a transcript with completed summer coursework is not received by this time.
- Courses listed in Column C: These are courses you will take once enrolled at Columbia. You do not need to take these courses prior to enrollment. If you believe that you have completed a course that is equivalent to one of these courses, please retain your course materials and syllabi for review upon enrollment and orientation. We are unable to review these courses at this time.
- Courses in Column D: These are prerequisite courses that you have completed, but whose equivalence must be evaluated by departmental faculty once you are enrolled at Columbia. These are not courses that need to be retaken over the summer. Once course descriptions, syllabi, or any other necessary material have been reviewed, if the course is not determined to be equivalent, you may be required to take the Columbia course within the next two years at Columbia. Be sure to retain course syllabi.
- You will be assigned an advisor in the Berick Center for Student Advising in mid-July. At that point, you may contact your assigned advisor with any further questions.

If you have any questions, please contact us at combinedplan@columbia.edu.
